Role Overview

First point of contact providing ICT support to Your Housing Group's internal customers, through triage and call resolution for all ICT related issues and requests.

RESPONSIBILITIES

- Provide a high-quality support service to the ICT function, assisting the Service Delivery team with the administrative and analytical responsibilities surrounding the core ITIL (Information Technology Infrastructure) processes of Incident, Problem, CSI (Customer Satisfaction Index) and Vendor Management.
- Support with any service-related issues (internal or 3rd party) ensuring they are identified, escalated and accurately reported.
- Gather information for problem and incident management reporting.
- Carry out incident and major incident management processes ensuring all requests made to ICT for advice and support from different sources are accurately logged, prioritised, categorised and progressed to resolution in line with the service level agreements and operational level agreements whilst providing high levels of customer service.
- Escalate tickets that cannot be resolved at first point, positively impacting the overall mean time to repair.
- Ensure all incidents are fully triaged at first line and full details are captured, recorded and any queries made by internal customers are responded to.
- Ensure appropriate support documentation is maintained, and that the ICT support knowledge base is appropriately populated and administered.
- Manage and prioritise own workload whilst managing large call volumes of remote support, desk-side support, telephone support and project resource where needed.
- Perform technical and comprehensive daily checks to ensure the Group's systems are stable and reliable.
- Undertake additional duties appropriate to the role and/or grade.
