Head of Cyber Security, Architecture and Assurance

ICT Security Lead

Cyber Security Analyst

Department

ICT Security & Governance

ICT Security & Governance

Role Overview

YHG aspires to be a model of good practice for legislation with which it must be compliant. Committed to protecting YHG ICT resources, customer and colleague data and business critical services from malicious external and internal cyber threats, consistent with YHG's approved Cyber Security Strategy.

Working with ICT colleagues and stakeholders across YHG to assist in the delivery of security recommendations and improvements.

Supporting the ICT Security Lead by delivering on key KPI's, ensuring a strong level of security maturity is maintained.

RESPONSIBILITIES

- Support the ICT Security Lead in the delivery of a security awareness programme across YHG through tailored training and phishing campaigns
- Manage security tickets raised internally in a timely and professional manner
- Assist in the development and improvement of Incident response capabilities across YHG
- Work with internal stakeholders to prioritise and remediate vulnerabilities raised through Qualys
- Support the ICT Security lead with the delivery of security improvement projects
- Attend Security and Sector specific forums to maintain a relevant, up to date security knowledge base
- Aid in the management of third-party risks through our risk management platform, ensuring suppliers and partners are up to date and compliant
- Support in the regular reporting of Security KPI's to be delivered to key internal stakeholders
- Deliver planned actions to ensure YHG remains compliant with relevant industry standards

Our values

Honest & Reliable

We are authentic, open and dependable; and we do what we say we'll do.

Caring

We show kindness and consideration to our customers and each other.

Respectful & Fair

We listen to people, and strive for equity and inclusivity in all that we do.

Through our **passion** for housing, more **people** have a **safe** place to call **home**

- Assist with continuous optimisation and improvement of the YHG security toolset
- Undertake additional duties appropriate to the role and/or grade.

STRENGTHS

- ✓ Communicate security information clearly to both technical and non-technical stakeholders
- ✓ Follow processes closely under pressure
- ✓ Adapt and keep up with the ever-changing security landscape
- ✓ Analyse complex issues and in turn suggest structured approaches to remediate them
- ✓ Strong time management and task prioritisation skills
- ✓ A keen eye for attention to detail, ensuring work completed is accurate

ESSENTIAL REQUIREMENTS

- ✓ Knowledge of Cyber Security Principles and best practice
- ✓ Security qualifications such as Security or evidence of working towards them
- ✓
- ✓ Working knowledge of a range of security tools across different domains
- ✓ Experience managing tickets, incidents or vulnerabilities
- ✓

BENEFICIAL TO THE ROLE

- ✓ An understanding of security frameworks such as NIST and Cyber Essentials
- ✓ A degree in an IT related discipline i.e. Cyber Security
- ✓ Full UK Driving Licence & use of a vehicle
- ✓ Exposure to Incident and Vulnerability management platforms
- ✓ Experience working in a regulated environment
- ✓
